PARAGRAPH 5 (FIVE) OF THE CABINET MISSION MEMORANDUM AND STATES TREATIES AND PARAMOUNCY WHICH WAS SUBMITTED ON 12TH MAY 1946 TO THE CHANCELLOR OF THE CHAMBER OF PRINCES DELHI RUNS AS FOLLOW —

‘ When a new fully self governing or independent Government or Governments come into being in British India, his Majesty's Government influence with these Government will not be such as to enable them to carry out the obligations of paramountcy. Moreover they cannot contemplate that British troops would be retained in India for this purpose. Thus as a logical sequence and in view of the desires expressed to them on behalf of the Indian States, His Majesty's Government will cease to exercise the powers of paramountty. This means that the right of the states which flow from their relationships to the Crown will no longer exist and that all the rights surrendered by the States to the paramount power will return to the states. Political arrangement between the states on the one side and the British Crown and British India on the other will thus be brought to an end. The void will have to be filled either by the states entering in a Federal Relationship with the Successor Government or British India or failing thus, entering into particular arrangement with it or them”

Dated Nongstoin,
the 7th Feb 1948

Dear sir Akbar,

I received a letter No 194 95/ks of 17th January 1948 address to me by a deputy commissioner as dominion agent (acceded) Khasi states seeking me to attend his office in Shillong and meet him personally on the 10 2 1948 for the purpose of signing an instrument of Accession. I am very thankful for the letter which, inter alia, shows that the India Dominion is prepared and willing for negotiations provided the letter had been issued under instruction of the Dominion.

Last December the Federation of Khasi states also made a similar suggestion and the matter has since then been placed before a public Durbar for decision and my adviser as directed by that Durbar is now making an official reply to the letter referred to the para 1 above to your Adviser.

I hope you will agree with me that no better course is opened for improving the satisfactory relation existing between the people and myself. A divided and dissatisfied state in this imperfect world invite aggression from outside and I would be the last siyem to

allow such a temptation which must be prevented by making the state so united that no body dare entertain any aggressive designs against us

With a united strength my state will then be in a position to open negotiation and I trust you will not hesitate to extend a helping hand in making the proposed Negotiation successful so that a satisfactory agreement is reached to the mutual benefit of all concerned

With best regards to Lady Hydar
and yourself

Very Sincerely Yours,
Sd/ Sib Singh

Sir

With reference to the letter No 101-95/KS of 17th January 1948 issued by a Dominion Agent of the acceded Khasi States to the siem of Nongstoin I am directed to state for the information the Dominion Representative that is sovereignty rests in the people and not in any individual the only ultimate rights recognised are the rights of the people and the siem has consequently left the whole question of accession to be decided by his people who, in exercise of that right, has since set up a Negotiating Committee for the purpose and that Committee, after completing its work will report to the people's Government of the State for final decision

In the meantime it is request that every facility may please be given to the Negotiating Committee to carry out its duties smoothly till a satisfactory agreement is reached to the mutual advantage of all concerned

Negotiation on any other correspondence will not however be made with a Dominion agent of acceded states otherwise the prestige of the independent powers concerned will be very much jeopardised

Yours respectfully
